

Winter Share Signup Form 2017-2018

Sign up now for our popular winter share program. Make sure your family gets quality organic vegetables and fruit throughout the winter and early spring, and save money too!

How it works

- Shares consist of both vegetables and fruit.
- All produce is Certified Organic and is ordered through Charlie's Produce Organics, a wholesale broker, or when available, purchased from local Certified Organic growers.
- Quantities: vegetables are about the same as a CSA share, and the fruit is a little less than the summer fruit shares.
- Share cost: \$53 per share (fruit and veggies combined) for each week ordered.
- Not all produce is seasonal or grown in Washington. Except for cold storage apples, pears, potatoes, and squash, there is virtually no WA grown produce available after November. We try our best to purchase from west coast organic growers, with the exception of some fruit favorites (like bananas).
- Members pay wholesale prices plus a small markup to cover labor. The small profit we make helps support our regular CSA program. Savings is 20-30% over retail cost.

How to participate

- You can sign up from month to month. We provide signup forms every month. **You do not have to get a share every week, but can choose the dates you want.**
- **Pickup Procedure and Times:** Choose a Wed. or a Fri. pickup. For Wed. people, you can pick up after 11 AM Wed. until Thurs. evening. ***Important: you cannot pick up produce on Fri or Sat if you are signed up for Wed.*** Fri. people can pick up after 11 AM Fri. until Sat. evening. ***You cannot come on Wed. or Thurs. if you are signed up for Fri.***
