

2023 Fruit FULL Share Signup Form (For payment by cash or check.)

Buy a fruit share to go along with the regular vegetable CSA and assure your supply of Organic produce throughout the season. This popular program was started due to request from members.

All fruit is certified organic. Savings are around 25% on average from the retail price for Organic fruit. Some produce comes from Charlies Organic Produce Co. As soon as local WA produce becomes available, we buy as much as possible direct from local growers. Fruit shares will begin the first week of the CSA veggie pickup.
